Oldest Civil War Vet Dies Following Leg Amputation

ROCHESTER, N. Y. (AP)—James A. Hard, the nation's oldest Civil War veteran, died last night at 111 of complications that followed a leg amputation.

The right leg of the aged Union infantryman was cut off above the knee March 2 because of a progressive circulatory deficiency in his foot.

The death of the chipper, cigar-smoking Hard left but one survivor of the Union Army and four veterans of the Confederate forces.

Members of the Adams County Farm Bureau Cooperative purchased during 1952 goods worth \$729,015.51 through their organization, its manager, G. Marion Stambaugh, reported Thursday night at the 19th annual meeting of the membership held at the Gettysburg High School auditorium. About 400 attended the meeting.

Purchases this past year showed an increase of \$37,929.68 over the prior year, Stambaugh said. In the petroleum division sales increased by \$8,000, he reported, with the cooperative's two petroleum trucks delivering 844,000 gallons of gasoline, kerosene and fuel oil during the year.

Total net savings of the cooperative were \$22,722.18, Stambaugh said including net savings of \$15,168.24 on purchases by the patrons, a patronage refund of \$6,190.19 from the Pennsylvania Farm Bureau Cooperative Association and \$1,363.75 dividend on common stock held by the county association.

Total assets of the association as of December 31 were listed by Stambaugh as \$228,064.11, with the patrons and stockholders now owning 96.6 of the total assets. The ration of current assets to liabilities was listed by the manager as 14.9 to 1. Outstanding common stock totals \$111,860 and preferred stock, \$33,105.

Stambaugh reported that during the past a new and larger mill has been installed at New Oxford along with a new power unit and molasses blending equipment, with the cost of the improvements being \$10,500.

The period of scarcity of supplies is "pretty well a thing of the past," Stambaugh said, with ample supplies of seeds and other commodities on hand. The supply of fertilizer, he said, "is in a good position however we ask that you take deliveries well in advance."

4 Directors Re-elected

Four incumbent directors were re-elected to another term: Quinn Topper, Fairfield R. 2, Fairfield district; Kenneth Appller, Gettysburg R. 5, Littlestown district; Stuart A. Luca, Hanover R. 3, Abbotstown district, and Guy Sanders, Gettysburg R. 5, New Oxford district.

William Johnson, field representative of the Baltimore District of the Farm Credit Administration, told the group that "next year is not going to be as good as the last." He expressed the viewpoint that "economic conditions, which have been on a high level for years, are due to swing back sooner or later and from all appearances, the swing back will begin this year. We have about reached the point where supply is about equal to demand and as a result there should be a drop in the level of business. Farm products will probably sell lower—as a matter of fact are already selling at figures lower—than the previous year in many instances. And since the drop is first noticed in farm prices, the farmer will probably have to continue to pay just as high prices for most of the things he buys."

Hear Insurance Report

He urged the farmers to "rally to your cooperatives, do more and more business through them, because your need for cooperatives becomes greater."

Lauds Lab Staff

Robert C. Lott reported on the recent meeting of the advisory committee of the South Mountain Fruit Research Laboratory at Ardenstville. He paid tribute to the work of the scientists there, and said the laboratory will continue this year to carry on experiments similar to those of prior years.

Dr. R. S. Kirby, State College, extension plant pathologist, told the group the cheapest effective spray on cherry for use against leaf-spot is Bordeaux, with the Bordeaux to be used during petal fall, followed by 341-B and Ferbam in the cover sprays.

Dr. Kirby urged use of a 6-6-100 Bordeaux for leaf curl in peaches as soon as possible. Leaf curl was "very bad" last year and there will be a large carry-over, he said. He also urged the growers to cultivate slightly to destroy peach mummies, but to avoid destroying the cover crops in the peach orchards.

Specialists Report

He added that farmers should look over their orchards to determine what they want to do about apples when the time comes to determine the finish they will have. Out Of The Past

From the Files of the
Star and Sentinel and
The Gettysburg Times

FIFTEEN YEARS AGO
R. L. Wisler Gets Highway Post: Promotion of Raymond L. Wisler, superintendent of the Pennsylvania Department of Highways, to a similar position in Clearfield county, has been announced.

His position here will be filled by the advancement of J. Walter Kugler from the position of assistant superintendent, which he has filled for over two years.

F. R. Deardorff Weds: The marriage of Miss Dorothy Timmons, daughter of Mr. and Mrs. E. Hartwell Timmons, of Berlin, Maryland, and Franklin R. "Bud" Deardorff, son of Mr. and Mrs. F. B. Deardorff, 200 West Middle street, was solemnized Saturday evening at 8 o'clock at Baker Chapel, Westminster, Maryland College, Westminster, Maryland.

The Rev. Dr. Fred G. Holloway, president of the college, performed the ceremony in the presence of the immediate families of the couple.

The bride is teaching science in the Caroline High School, Denton, Maryland.

Mr. Deardorff will have Erle R. Deardorff as his best man. He is employed with the Snyder Potato Chip company, of Hanover, in charge of the Eastern Shore branch.

Col. Barton Is Named Director of Assistance: The recommendations for the appointment of Colonel James L. Barton as executive director and that of Mrs. Rosalie Raffensperger as county supervisor of public assistance in Adams county were announced Saturday afternoon following a special meeting of the Adams County Assistance board here.

The board announced that the state has approved an office site on the first floor of the Eagle hotel building.

Two Become Nuns: Miss Corinne King and Miss Elizabeth Shriner were received as nuns into the order of the Sisters of Mercy on Saturday, at Dallas.

The reception was held at Misericordia College, Villa St. Teresa. Miss King has been given the name of Sister Mary Emily in religious life and Miss Shriner that of Sister Mary Alfreida.

Mr. and Mrs. King, Mrs. Harold Haslam, Mr. and Mrs. Shriner and daughters, Genevieve, Mary and Teresa, and Miss Anna Bowling attended the ceremony.

Baer Batters Farr to Carry off Decision: New York, March 12 (AP)—It took fifteen rounds of blistering action against Tommy Farr for Max Baer, the "golden boy" to fight his way back to the heights.

In taking the decision, Baer proved to the 18,222 fans, who booed him roundly when he entered the rings, that he had something left, enough to batter Farr to the canvas three times, a feat that Joe Louis found well nigh impossible.

Self Service to Be Started in Local Store: Next Friday morning, Gettysburg's first store to employ the self-service plan for the convenience of its customers will open its doors.

The American stores establishment in center square will be the second store of that chain in the Harrisburg district to employ the new system.

It is expected that about 20 persons will be employed instead of the present nine. Dawson Miller, the present manager, will continue. The Carlisle street branch of the store will continue to operate.

Little-George: Miss Celestia Elizabeth George, Chambersburg, daughter of Mrs. Lucy L. George, of St. Thomas, Pa., became the bride of Melvin O. Little, son of Mr. and Mrs. Harry D. Little, 58 West Middle street, in a ceremony performed in Trinity Lutheran church, Chambersburg, Thursday evening at 8 o'clock.

Members of the families witnessed the ceremony, which was performed by the Rev. Clarence Neal.

The couple was attended by Miss Mabel George and Roy Hornbaker. Mr. Little has been employed at Sherman's store. His bride has been employed at the Stanley works in Chambersburg.

Just Folks

By EDGAR A. GUEST

BRAVE
Brave is an easy word, and yet it is not easy to be brave. One must be patient and forget the sorrow of the grave.

When every hope is blown away
By cruel winds and chill,
Above the ashes of dismay
Must smile unconquered will.

Nor is this all of bravery,
For hearts have much to bear,
And there are deeds men never see
Which call for courage rare.

And there are many things to fear
Along the path of men.
The undeserved and cruel sneer
From thoughtless voice and pen.

Can you be constant for the right
When you might quickly buy
Success and ease and its delight
By living out a lie?

A brave man not alone by fire
Or conflict meets the test.
He must forego his own desire,
To stand for what is best.

The truth oft asks a heavy price
From men who walk its way,
And its harsh terms of sacrifice
Only the brave will pay.

Today's Talk

By GEORGE MATTHEW ADAMS

SOMETHING TO THINK ABOUT
Talking with a friend recently he made a remark about another.

He said that he always welcomed contact with that friend because he left you with something to think about. Today I received a letter from an old friend, whose letters are always an inspiration.

Never has he ever written to me without leaving me with much to think about.

That's the test of a great friend. It's the test of a great book, too. There are certain books I like to take from my shelves and just put a little, I recall, listening to a famous minister, who loved books.

He would visit the bookshops of London, and have some of his purchases sent to his hotel, but there were a few small bits that he liked to put into his pocket, and fondle all the way home!

I am a lover of beautiful etchings, and many years ago, when I was searching for certain ones, the dealer would call me up to tell me that he had something to show me. I would rush to see which of my dreams he had to offer me. Perhaps it was only one that I could afford to buy, but the others would remain in my mind's eye, and for hours at night I would recall every line, and the spirit of the artist would inspire me. And then the happy day would come when I could become its owner for a time. During all those early collecting days I had something beautiful to think about.

One main reason why so many people get into trouble, complain about their lot, or live unhappy lives, is that they have nothing constructive to think about. For weeks upon weeks the reading of a great book remains with me. I speculate upon the characters that have become my friends. I want to know more about the author. Is he one of the characters portrayed? Or, perhaps he is in all his characters to a greater or lesser extent.

A great book, or person, or scene of rare beauty, never quite leaves us. Happily that they do not, for they leave us with the joy of something to think about.

Tomorrow Mr. Adams will talk on the subject: "You Ought To." Protected, 1953, George Matthew Adams Service

SHEELY FILES FOR SUPERIOR COURT OFFICE

HARRISBURG (AP)—Judges W. C. Sheely, Adams County, and Harold L. Ervin, Delaware County, were officially on record today as candidates for State Superior Court.

They filed their petitions with the State Election Bureau yesterday to place their names on the ballot in the May 19 primary.

Sheely is running for the Democrat nomination and Ervin seeks the Republican nomination.

Sheely and Judge John I. Hook, Greene County, were recommended as candidates last week by the Democrat State Policy Committee.

Both are serving 10-year terms that expire in 1955.

A policy committee spokesman said Judge Hook will file his petition today.

Superior Court Judge J. Colvin Wright, also seeking the Republican nomination, filed his petition earlier this week. He was appointed to the Superior Court last month by Gov. John S. Fine to fill a vacancy.

Voters will elect two Superior Court judges this year.

Favor Syracuse Over State Boxers

SYRACUSE, N. Y. (AP)—Penn State boxers hoped today to battle their way to an upset victory over Syracuse in the 30th annual tournament of the Intercollegiate Boxing Association of America.

Syracuse, shooting for its fifth straight Edward J. Nell team championship trophy, is a strong favorite in the tourney, opening tonight.

Besides Penn State, schools given a good chance to dethrone Syracuse are Maryland, Virginia and Army. Also entered are CCNY and Catholic University.

Defending champion Sam Marino is the leader of Penn State's strong detachment. State also has two other undefeated hopefuls, Adam Kois and Tony Flore.

and then act accordingly, using the least expensive program, but doing a thorough job of it.

Kirby told the group that there is a heavy carry-over of scab this year as a result of the heavy infestation last year. He recommended using Ferbam and sulphur in the pink and petal fall sprays to combat cedar apple rust.

John Pepper, State College extension entomologist, reported that dinitro (DN) is "doing a good job in aphid control." He recommended using one quart of oil with the DN per 100 gallons of spray to provide even more effective control of aphid. He urged use of oil in a dormant spray for Forbes scale in cherry.

Meet Next Month
Farmers who find DN causing a great amount of foam in their tanks were urged to use on table-spoon of kerosene per tank to cut down the foaming action.

Dean Asquith of the South Mountain Fruit Research laboratories spoke on the compatibility of various types of spray materials, listing those which should be used in combination and those which should not. Combinations of sprays sometimes result in damage to trees, other times cause loss of effect, and then in other cases can be used effectively.

Next meeting of the growers will be held April 23 at 8 p.m. at Biglerville.

The founding of the Littlestown Rotary Club in the social rooms of St. Paul's Lutheran Church, Littlestown, Tuesday evening. Prof. Paul King, president of the Littlestown club, presided.

Twenty-eight members of the Gettysburg club attended.

Dr. Henry W. A. Hanson was the guest speaker.

Luther Snyder, Howard G. Blocher and C. L. Mehning were presented with pins for perfect attendance during the 10 years since the founding of the club.

Professor C. Paul Cessna's class of the Methodist Episcopal Sunday school held a bowling party Friday evening at the local bowling alleys.

Start the Day Right

...without After-Breakfast Slump

Why start the day feeling dull and lousy because of too much acid churning in your stomach? Just 1 or 2 Tums, eaten after breakfast will pull you out of that after-breakfast slump—put you back on top of the world again.

Tums quickly neutralize excess acid. Contain no soda to over-alkalize or cause acid rebound. No mixing, no water needed. Just eat like candy. Always keep Tums handy for record-fast relief from acid stomach.

Hits At Russian Imperialism

Chief U. S. Delegate Henry Cabot Lodge Jr., plants both hands on desk as he charges before the United Nations General Assembly in New York, March 11, that Russian leaders have embarked on a policy of imperialism. He declared that the Soviet Union had lost the respect of the world because of its policy of "violent words and violent deeds." The Lodge attack brought wild applause from the Assembly which had to be called to order.

Marine Told Mother Steel Strike Curtailed Amount Of Ammunition Given Soldiers

WASHINGTON (AP)—A Pottsville, Pa., mother has written to Sen. Edward Martin (R—Pa) that she is "tortured with the thought" a low supply of ammunition caused the death of her Marine son in Korea.

"Nothing can bring my son back," wrote the mother, Mrs. Martha S. Haley, "but every one of us has a sacred duty to at least give the men in Korea the means to fight and defend themselves."

Mrs. Haley referred to the death last August of her son, Marine Pfc. William W. Lewis, from wounds received in Korea battles.

Martin has turned the letter over to the Senate Armed Services Committee, currently investigating the charges by Gen. James Van Fleet, former commander of the Eighth Army in Korea, that his troops lacked sufficient supplies of ammunition.

Strike Cut Supplies
Mrs. Haley told of a letter her son had written on Aug. 3—the day before he was wounded and five days before his death. He said:

"Boy! That steel strike has really affected us. I had a fire mission and asked for five rounds (of ammunition). They gave me one and told me that there was a steel strike, and they had to conserve ammo. Well, I guess that's life."

Two days later in a second letter to a member of his family, Lewis wrote:

"I don't know how to go about this but I'll try and tell you. Yesterday I was wounded, but not

very bad. I wasn't even evacuated.

I got hit in the arm and leg with some schrapnel (sic). I guess I'll get a Purple Heart and that means a telegram to mother. That's the part that bothers me."

Son Expires
Mrs. Haley received the telegram. It indicated that the son had minimized his wounds. Two days later—after he had been taken to a hospital ship—she was notified by the Marine Corps that he had died on Aug. 8.

"I took your letter and the copies (of the son's letters) to the committee the day that Secretary of Defense Wilson, Gen. Collins, Gen. Van Fleet and the others testified."

"That was on Tuesday, March 10."

"The letters were read by the members of the committee and I am satisfied that this information was of assistance to the armed services committee of the House."

EDEN DECLARES RED SHOOTING IS "BARBARIC"

NEW YORK (AP)—British Foreign Secretary Anthony Eden has denounced as "barbaric" the shooting down of an RAF bomber by a pair of Soviet MIG jets.

Eden, delivering a major speech last night before the Foreign Policy Association, departed from his prepared text to lash out at Russia over yesterday's attack on the British plane, which killed six of the seven crewmen.

Reading text, Eden said the U. S. and Britain stood ready to negotiate with Russia—despite Premier Stalin's death and that both nations would welcome a similar intention from the Soviets.

Discarding the text momentarily, Eden added:

"There is nothing of the kind up to the present. On the contrary we have today heard of the shooting down while on a routine exercise of a Royal Air Force training bomber . . .

"Deliberate and unprovoked attacks of this kind by what are supposed to be friendly forces can only be called barbaric."

More than 1,800 persons jammed the main ballroom of the Waldorf-Astoria Hotel to hear Eden's speech, which also had a nationwide radio and television audience.

Eden urged the United States to fight only a "partial" war in Korea, which he termed a "thankless" assignment and added:

Not Helping China
"It is one thing for a nation to throw its entire strength into a fight for survival. It is another to conduct a partial war with all kinds of restraint upon your ac-

Arthur Godfrey To Be Operated Upon

NEW YORK (AP)—Arthur Godfrey is taking a leave of absence from his radio and television shows at the end of April to undergo surgery.

The surgery will attempt to correct hip injuries he suffered in an auto accident 20 years ago.

Columbia Broadcasting System said the entertainer would be away from his morning program for five or six weeks. He will be absent from his Monday and Wednesday evening shows for four months.

The programs will continue with various replacements for Godfrey.

"And yet we know that these restraints must be maintained."

Eden was interrupted with applause when he said that no goods of strategic importance had gone to Red China from British sources in nearly two years.

"Since the beginning of the Korean War," he said, "no arms have been sold to Communist China from any British territory."

"We also are taking further steps to ensure that no ships of any nationality taking strategic cargoes to China shall be bunkered in British ports."

"These measures speak for themselves. They do not represent a new policy."

COEDS IN DEADLOCK

With Shippensburg

The Gettysburg College girls closed their regular basketball season by playing a 29-39 tie with Shippensburg State Teachers College here Thursday evening.

After falling behind 34-34 at the end of the third period, Coach Grace Kenney's sextet put on a strong finish to knot the score. The tie gives the Bullettes a 4-4-1 record for the season.

In the preliminary game the local reserves lost their only game of the season 20-19 after previously winning six straight.

A sports day will be held here Saturday, beginning at 1 p. m. Wilson and Dickinson Colleges will send junior and senior teams here to participate in a series of games with local junior and senior outfits.

ALL AMERICAN LOOP PLAYERS SIGNED; KINER STILL AT ODDS

By ED CORRIGAN
Associated Press Sports Writer

Every first string player in the American League was signed today, but the war of words between Branch Rickey, general manager of the Pittsburgh Pirates, and his slugger, Ralph Kiner, continued unabated.

Cleveland infielder Bobby Avila, the last of the recalcitrants, signed with the Indians yesterday to bring the Tribe to full strength. Avila agreed to terms after a phone call to general manager Hank Greenberg. It was believed Bobby took a \$1,000 cut to about \$16,000.

Rickey, meanwhile, got in a couple of more licks at Kiner, who is holding out in California because he refuses to accept a 25 per cent cut.

Not Bigger Than Team

The Mahatma of the Pirates said he had received a telegram from Kiner, had answered it and didn't think the slugger wanted to go to Havana for spring training.

"No player is greater than his team," said Rickey. "I made a deal with Kiner in which it was provided that if his contract was assigned to another club, Kiner would get additional money."

Referring to the telegram he received from the outfielder, Rickey said:

"I'm not going to accept his terms. It's up to him to accept the terms offered."

Pirates Pasted

The Indians, even without Avila, managed to defeat the New York Giants, 7-6, on Hank Majeski's home run in the 11th inning at Tucson, Ariz.

The Pirates, though, might be able to use Kiner. They took a 13-10 pasting from the Cuban All Stars in Havana.

The New York Yankees continued to get super pitching—this time from a couple of second-stringers—as they shut out the Detroit Tigers, 5-0. Jim McDonald and Bill Miller combined to hold the Tigers to four singles.

A's Beat Dodgers

Gil Hodges got off the Brooklyn Dodgers to a lead with a two-run homer in the first, but that was the total offensive output of Chuck Dressen's men, and they dropped an 8-2 decision to the Philadelphia A's.

The Boston Red Sox broke out with five runs in the fifth inning to beat the St. Louis Cardinals, 9-6.

In other games, the Chicago White Sox whipped the Chicago Cubs, 7-5; the Cincinnati Reds turned back the Philadelphia Phillies, 10-6, and the Boston Braves edged the Washington Senators, 9-8.

The St. Louis Browns sent two teams into action, the regulars and the "B" team. The regulars were drubbed by Portland of the Pacific Coast League, 13-5, and the "B" squad licked Seattle of the PCL, 6-4.

MARTINEZ IS PICKED TO WIN

NEW YORK (P)—It's going to be like old times in Madison Square Garden tonight when Vince Martinez goes after his 14th straight victory in a welterweight ten rounder with Chico Vejar.

Despite the 3 to 1 odds favoring Martinez, there's going to be a lot of cash customers and plenty of whooping and hollering when the two hard-hitting youngsters start swinging at 10 p. m. (EST) for their nationally telecast and broadcast fight.

Judging by the hefty advance sale, the International Boxing Club predicts a crowd of 10,000 and a gate of \$40,000. There's also the usual Friday night radio-TV fee of about \$23,000. Each fighter will collect about \$10,000.

If the figures go that high, it will be the biggest Garden clout crowd and gate since Rocky Marciano flattened Joe Louis 17 months ago before 17,241 fans who paid \$152,845.

NFL TV In Hands Of Court For Decision

PHILADELPHIA (P)—The question of whether the National Football League can restrict the broadcasting and televising of its league games rested in the hands of a federal judge today.

U. S. District Judge Allan K. Grim, sitting without a jury, heard the wrapup of a 19-day trial yesterday in which the government charges the NFL violated federal anti-trust laws by restricting the broadcasting and televising of its games.

Judge Grim set June 15 for the filing of government briefs, July 15 for the filing of defense briefs and Aug. 14 for government reply to the defense briefs.

ACCOUNTABLE TO GOD

Matthew 25:31-46
Key Verse: Truly, I say to you, as you did it to one of the least of these my brethren, you did it to me. Matthew 25:40

The Parable of the Last Judgment is closely related to the main thoughts of the Parable of the Talents and the Parable of the Good Samaritan. All three, as well as other messages from our Lord, stress stewardship and compassion. The one we think about today dramatically pronounces judgment. Jesus came to man as his deliverer; as the Messiah. As such He gave His services of love and His talents as the Great Teacher. Now He comes as Judge. He divides mankind into two

groups — the sheep and the goats. His Palestinian hearers would understand, for their sheep usually were white, their goats black.

In classifying the people as good and bad we may rightly assume that they all had faith. The difference was in the application of their belief. The old controversy between faith and good works does not seem to enter here — salvation comes to man only by the Grace of God. There is no suggestion in the Parable that race, color, social standing, success in worldly affairs, riches or poverty were given any thought in passing judgment. But serving love is given prominent attention. In fact nothing else is mentioned; only loving thoughts and deeds are em-

ployed as tests for reward or condemnation. This is in line with the teachings of Jesus on other occasions. The giving of a cup of cold water in Christ's name was commended. The Good Samaritan was given as an example of what a good neighbor should be and do. Simple kindness, helpful to anyone in need, was the test employed by the Lord in His Judgment Parable.

No mention is made of the amount of help given. Only the plain necessities are provided — food, drink and clothing; only a visit to the prisoner without an attempt to have him released. It was the ever-readiness to serve and not the extent of service rendered that counted. The Judge looked for the attitude of heart; the condition of soul. If that was one of compassion He was satisfied. We recall that the widow's mite was observed and her act in offering it that was commended by Jesus. A part of my work as a minister was to establish a mis-

sion congregation. After I had told an older congregation of my experiences (without asking for money) a man came and gave me a sizable bill with the remark, "Use that in your mission. I have been wanting for sometime to give it away." It was that kind of attitude, I think, Jesus is looking for. It is the every-readiness to give to a needy person or a good cause that is approved by the Judge.

Both groups were surprised by the Judge's verdict. The righteous because they did not realize that they had done any loving service to their Lord. The unrighteous because Jesus felt Himself neglected. Both sides failed to see that their Lord had completely identified Himself with all people. When kindness was shown to anyone in need, then He was befriended. When anyone was hungry or cold or in prison and given no relief, then He also suffered. The former expected no reward, the latter were eager for it whenever they

chanced to do a good deed. But those on His "right hand" rendered merciful service from the deep conviction that that was expected from their Saviour.

But all alike are held accountable to God. It is another way of saying that man is a steward, and responsible to his God and the Son. A wholesome exercise in view of the evident meaning of this Parable, is self-examination. Is love of God and of neighbor the motive that directs my action? If so, then the Judge will pronounce His verdict with joy:

"Well done thou good and faithful servant."

The poet Wordsworth has a few lines that fit well into our thoughts. "That best portion of a good man's life:

His little, nameless, unremembered acts of kindness and love."

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

AUXILIARY TO JOIN LEGION IN BIRTHDAY FETE

The Ladies' Auxiliary of the Ocker Snyder Post 321, American Legion, will participate in the Legion post's anniversary celebration and dinner, according to plans made at the March meeting of the auxiliary on Wednesday evening at the post home, E. King St. The dinner will be held Tuesday evening, March 24 in the social hall of Redeemer's Reformed Church. The members voted to give a cash donation to the post as a birthday gift and the presentation will be made at the joint dinner. All Legionnaires, their wives and guests and all members of the auxiliary, their husbands or guests are invited to attend the dinner.

A report on the proceedings at the quarterly meeting of the Four County Council held last week in Chambersburg, was given by Mrs. James W. Fager, Littlestown delegate. Mrs. Fager, who is also unit community service and coupon chairman, reported on these projects. All of the hospital beds and the two wheel chairs which the auxiliary has purchased for use by the local residents, are in use at the present time.

The unit sent over 3,000 coupons during the past month to the state department. These represent the source of revenue for the unit's work with veterans and their families and with veterans hospitals. In the contest sponsored by the Auxiliary in which the children of the community were invited to participate the prize for securing the most coupons during the month was awarded by the president, Mrs. Albert H. Miller Jr., to Vernon Study Jr. for over 2,000 coupons, and to Barbe Miller for 575 coupons.

Obtain New Book
Mrs. Francis J. Will, Americanism chairman, announced that a copy of the book entitled "Key to Peace" has been secured. It will be read and studied by the auxiliary members and then a copy of the volume will be placed in the school library. The annual Americanism awards will be presented to the outstanding students

in the local schools this year, with Mrs. Will in charge. The unit will also sponsor a girl to be sent to the Keystone Girl's Camp during the summer at the Scotland School, as last year. Girls of the junior class of the high school are eligible.

The organization voted \$5 to the Adams County Crippled Children's Society and \$5 to the Heart fund. It was announced that there are now 82 members on the unit roll and an effort is being made to reach the quota of 98. New members are invited to join and may contact the president, Mrs. Miller, or the membership chairman, Mrs. Fager. It was decided that when the Legion post presents the play, "Bolts and Nuts" on April 9 and 10, the Auxiliary members will conduct a concessions stand between acts. The following were appointed to serve as a committee in charge of arrangements for the stand: Mrs. Richard A. Long, Mrs. Francis J. Will, Mrs. James W. Fager and Mrs. Fred W. Blocher.

Study Pan America
The auxiliary decided to send an Easter gift to their adopted boy at Scotland school. Mrs. Vernon Study, unit Pan Americanism chairman gave a geographical report on the discovery of Costa Rica, which is the country being studied by the group during this auxiliary year. Study will be in charge of a complete Pan American program in April, when a guest speaker will be present, and the program will include special music and a study of the country. The refreshment committee appointed for the April 8 meeting includes Mrs. Richard A. Long, Mrs. Harry Long and Mrs. Charles Marker.

Sweaters and mittens contributed by the members for the children of Korea have been shipped to that country, according to an announcement by Mrs. Charles Marker, child welfare chairman. The ladies of the unit plan to join with the other Legionnaires and auxiliary members throughout the United States, in an effort to flood Washington with mail requesting congressmen to flood Washington with mail requesting congressmen to support the universal Military Training bill.

After the business meeting the following program was presented: Brief history of Ireland and the origin of St. Patrick's Day, Mrs. Vernon Study; vocal duet, selections, "Put Your Arms Around Me Honey," and "Maggie Blues," Suxi and Patti Long; recitation, "The Children's Hour," Vernon Study

Carole Marker.

Community Service Report

The speaker engaged for the occasion was unable to be present. Mrs. Fager and Mrs. Marker, who composed the March program committee, spoke to the group on the community service work program of the unit. In addition to the hospital beds and wheel chair, their special project is the care of the linen in the community ambulance and cooperation with the Legion in the care of the ambulance. This committee also makes every effort to back all Legion projects, and to help fight all the

undesirable "isms" existing. Donations to all local drives and those carried on throughout the state are also made possible through the work of this committee.

Mrs. Marker gave a brief resume of child welfare work in the state department, the council and the local unit. The meeting concluded with the social period and refreshments were served by the March hostesses, Mrs. Blocher and Mrs. Fager.

It is estimated that about 70 per cent of the meat eaten in North Carolina is pork.

PRICE CEILINGS GONE TODAY IN CONSUMER FIELD

WASHINGTON (AP)—The consumer's market was wide open today—not a price ceiling in sight—and there was talk of coffee and perhaps beer costing more.

President Eisenhower's step-by-step return to a free consumer economy came to a halt yesterday after a six-week control-thawing drive. The latest order lifted price ceilings from goods selling at the rate of 40 billion dollars a year.

Next date on the decontrol calendar is April 30 when, unless extended by Congress, the law which authorized wage-price controls and created the Office of Price Stabilization expires after 27 months on the books.

Still under controls are items vital to the defense effort. These include steel mill products, pig iron, ferro-alloys, nickel, beryllium, manganese, tungsten, molybdenum, tantalum, columbium, steel drums, metal cans, machine tools, concrete reinforcing bars, sulphur, sulphuric acid, oleum and sulphur trioxide.

Decontrolled yesterday—besides coffee and instant coffee, beer and ale—were such things as hot water heaters, garbage disposers, metal building materials, soybeans and all animal feeds which had been controlled. No. 2 heating oil used in the Northeast, most chemicals, many industrial materials and some kinds of industrial machinery.

Russians And British In Battle Of Notes Over Reds' Downing Of British Bomber

BONN, Germany (AP)—The Russians and British launched a battle of diplomatic notes today in the wake of Soviet jet fighters' deadly gunfire which knocked a four-engine British bomber down in flames just over the East German border yesterday.

Five of the plane's seven Royal Air Force crewmen were killed. The other two were wounded, with one of them in Soviet hands.

The British-Russian paper war appeared destined for the same futile pattern as the exchange between the United States and Czechoslovakia after two Czech MIG15 jets destroyed an American Thunderjet last Tuesday 15 miles inside U. S.-occupied Bavaria.

Most British officials viewed the two incidents as part of the same pattern—a deliberate show of strength by Soviet Premier Georgi M. Malenkov's new Kremlin regime.

Reds Move First
The Russians fired the first diplomatic salvo at the British here early today, handing British High Commissioner Sir Ivone Kirkpatrick a note of protest charging the RAF plane violated Communist East Germany's territory to a depth of 74 miles and fired first at two intercepting Russian MIGs which ordered it to follow them to the nearest Soviet Air Force field.

British officials in Germany admitted the bomber on a practice flight from an RAF station in Yorkshire, England—was over the Soviet zone when attacked but contended it was in the Hamburg-Berlin air corridor. This is one of three routes, each 20 miles wide, in which Allied planes were pledged free access to Berlin by the Russians in 1945. The plane crashed just over the Soviet zone on the east bank of the Elbe River, about 30 miles south-east of Hamburg.

Protest Ordered
Britain's government instructed High Commissioner Kirkpatrick last night to protest to General of the Army Vassily Chulikov, Soviet commander in chief in East Germany, "in the strongest terms." Kirkpatrick was told to demand an immediate Soviet investigation

and punishment of "those responsible for this outrage," as well as "due reparation for damage to persons and property."

British Foreign Secretary Anthony Eden, addressing a dinner in New York, said, "Deliberate, unprovoked attacks of this kind by what are supposed to be friendly forces can only be called barbaric."

In London, Prime Minister Churchill conferred hurriedly with his air minister, Lord de l'Isle and Dudley. A later announcement said the British government was taking a "grave view of this series event."

Followed Mock Attack
Britain's Air Ministry said the attack came less than two hours after two Soviet fighters had made a "threatening mock attack" on another British bomber 100 miles away near Kassel, well within the British zone. The ministry said both bombers were on routine training missions.

The U. S. - Czech diplomatic squabble over the shooting down of the Thunderjet approached a second round of notes, meanwhile.

Last Wednesday, the Prague government rejected the first American protest and counter-charged the U. S. plane penetrated 25 miles into Czechoslovakia before the Red planes jumped it and another Thunderjet.

Protest Renewed
A renewed protest from Washington was expected to demand a Czech apology and cash indemnity for the loss of the American fighter. There appeared not the slightest prospect of the Czechs giving such satisfaction.

The U. S. Air Force's European headquarters at Wiesbaden said today that as American planes were "flying as usual" over West Germany today, with "no change whatever" in their operations as a result of the two Communist attacks this week.

WILL CONSIDER PROPOSALS ON PIKE MARCH 23; SEEK SAFE ROAD

HARRISBURG (AP) — A 10-man legislative investigating committee will meet March 23 to consider a welter of conflicting proposals on how to improve safety conditions on the Pennsylvania Turnpike.

In a series of three sessions, committee members heard pleas to reduce the turnpike speed limit and to leave it alone. They listened to arguments for and against building a barrier in the medial strip and numerous suggestions for keeping drivers alert on the 327-mile toll road.

Gaining most attention of all was a suggestion at the committee's final meeting Wednesday from Col. C. M. Wilhelm, state police commissioner, that the number of troopers patrolling the turnpike be increased from 66 to 100.

15 Miles Per Hour
A boost in the number of police previously had been recommended by several committee members. Expenses of the turnpike patrol are paid by the Turnpike Commission.

Sen. John H. Dent (D-Westmoreland) said Wilhelm's suggestion could be stretched still farther.

"It is recognized nationally that a 15-mile section of highway is the ideal for any one policeman to patrol," he said. "An increase to 100 men at present means that each police car still will patrol 19.5 miles."

Down To 11 In '45
Lt. A. H. Kratzke, commanding the state police detail at Bedford, a focal point in turnpike travel, said he had recommended an increase to 100 men as long as two years ago.

Wilhelm, under questioning by Dent, reported that 59 police were assigned to the turnpike when the highway first opened in 1940. The number dropped during the war to a low of 11 in 1945 but was increased in post-war years and when new extensions were added, he said.

Kratzke also recommended reducing the speed limit to 60 miles per hour along the entire turnpike.

Urges 60-Mile Limit
"A speed limit sets a pattern for drivers," he said. "If it is 70, drivers try to reach that limit. If it is less, they would reach so high."

He said the 60 mile an hour experimental speed limit on the

Arrest Woman For Slapping S. S. Teacher

SPRINGFIELD, Pa. (AP) — Louise Postpichal, defendant in a suit filed by the Church of Christ in this Delaware County community to keep her away from services, was free today pending a further hearing on a charge of slapping a Sunday School teacher.

Miss Postpichal was arrested on a warrant sworn out against her by Mrs. Gertrude A. Mauro. The teacher told Magistrate Joseph Heffron Wednesday that Miss Postpichal created a disturbance outside her Sunday School class.

When asked to be quiet, Mrs. Mauro testified, Miss Postpichal slapped her.

BRIDGES SEES OPPOSITION TO "CHIP" BOHLEN

WASHINGTON (AP) — Sen. Bridges (R-NH) said today he foresees "formidable opposition" to Senate approval of President Eisenhower's choice of Charles E. (Chip) Bohlen to be ambassador to Russia.

Bridges himself, the GOP president pro tempore of the Senate and chairman of its Appropriations Committee, is among those seeking to prevent Bohlen's confirmation. Neither he nor any of the other senators opposing Bohlen would predict rejection of the nomination.

As in the case of Eisenhower's resolution to condemn Russia for its "perversion" of Yalta and other war-time agreements by enslaving free peoples, Democrats rallied around the Republican President.

Taft For Bohlen

Bridges told reporters: "I wouldn't be surprised to see very formidable opposition to the nomination if it is finally put to a vote in the Senate."

He did not explain what he meant by saying "if" the nomination comes to a vote. There was no hint from any other source that Eisenhower would back down on the nomination of Bohlen, generally regarded as one of the top U. S. experts on Russia.

Senate Majority Leader Taft of Ohio said he intended to vote for Bohlen's confirmation unless something new unforeseen developed. And he said he thought the nomination was not in "any danger."

Associated With Hiss

The Senate Foreign Relations Committee has scheduled a vote next Tuesday. The Senate itself could act the next day. The State Department has asked for speedy approval, so that Bohlen can be sent to Moscow to watch changes in the wake of Joseph Stalin's death.

The opposition is based on the argument that Bohlen, State Department counselor at the time of his nomination, is a defender of Roosevelt-Truman foreign policies and that he associated with Alger Hiss.

Hiss, a former State Department employee, is serving a sentence on a charge of lying when he said he had not passed secret State Department documents to a Communist courier.

Sen. Sparkman (D-Ala.), a member of the Foreign Relations Committee, said he was confident the Democrats would support the nomination almost to a man.

western half of the toll road has resulted in fewer accidents in good weather. A similar reduction would occur in the east if the limit were dropped from 70 to 60, he predicted.

Sen. Fred P. Hare Jr. (R-Somerset), committee chairman, said the executive session could not be held before March 23 because he and Dent are accompanying a Pennsylvania delegation to witness an atom bomb demonstration in Nevada March 17.

FRESH DEMANDS FOR BOOSTING DEFENSES HITS BUDGET PLANS

mands for strengthening American defenses collided today with efforts of the Eisenhower administration to balance the budget by cutting military spending.

The week's second Communist attack on Allied planes, which sent a British bomber crashing to earth in North Germany yesterday, provoked strong congressional talk of retaliation. Previously Czechoslovakian airmen shot down an American plane near the Czech-German border.

With the talk came a new surge of demands—mostly from Democrats—for a step-up in military production which would put more late-style jet fighters on the fields of Europe and more ammunition into the bunkers of Korea.

Cutting Payrolls

At the same time, Secretary of Defense Wilson set the end of May as a target for cutting one out of every 34 civilians employed now by the armed forces. The services' civilian payroll, already frozen at the Jan. 31 level of 1,327,546, was ordered cut to 1,288,200 by May 31.

Wilson sent the cutback order last night to the secretaries of the Army, Navy and Air Force. He also ordered a reduction in the number of military personnel assigned to administrative and headquarters duties, tacking on a reminder that military personnel are not to replace civilian employees.

Sen. Bridges (R-NH), who heads the Senate Appropriation Committee, said he thought any moves in Congress to cut military spending will be slowed by the new outbreak of Communist attacks.

"Crazy To Weaken Now"
Bridges said the U. S. and its allies ought to instruct their fliers to shoot any time they are menaced by Communist planes.

Sen. Hill (D-Ala.), a member of the appropriations subcommittee which handles armed services funds, said in a separate interview: "There can be some minor economies but we would be crazy to weaken our defenses now."

Byrd Decries Waste
Chairman Short (R-Mo) of the House Armed Services Committee urged: "When they come across the border in our territory we should shoot the hell out of them and if they fire on our planes from their own territory we should shoot back."

Sen. Byrd (D-Va) said he believes "billions of dollars can be saved by eliminating waste and inefficiency" in Pentagon operations.

Most Democrats were skeptical, however, that Secretary Wilson could find in the administrative

Boundary Dispute Before 3 Judges

DOYLESTOWN, Pa. (AP) — Three Bucks County judges had under advisement today a proposal to change boundary lines of Falls and Bristol Townships and Tullytown Borough, portions of which are included in Levittown, in order to ease school building problems.

Some 1,165 homes would be affected in the shift. The judges—Hiram H. Keller, Edward G. Biester and Edwin H. Satterthwaite — heard witnesses Wednesday, pro and con. Some 35 persons opposed the shift.

Dr. Charles H. Boehm, county superintendent of schools who favored the boundary switch, testified the state plans to build six schools in various parts of Levittown and that a boundary change was the only answer "to provide the best school sites."

SEEK WAY TO CURB HIGH COST OF PUBLISHING

PITTSBURGH (AP) — Production men from 900 daily and weekly newspapers in the Middle Atlantic area tackled the pressing problem today of how to combat rising costs.

About 400 mechanical superintendents and production executives met at technical sessions of the 1953 mid-Atlantic Newspaper Mechanical Conference to talk over new developments and improvements in printing, photography and stereotyping.

The three-day conference, which opened yesterday, is sponsored by the Pennsylvania and New Jersey Newspaper Publisher's Association.

Co-hosts are James S. Lyon, PNPA president and vice president and general manager of the Washington (Pa.) Observer and Reporter, and Charles M. Ray, NJPA head and co-publisher of the Cranford, N. J., Citizen and Chronicle.

Leo J. Carle, mechanical superintendent of the Erie (Pa.) Dispatch and chairman of the rotary press and stereotype session, sounded the keynote of the conference in opening the meeting:

Seek To Curb Costs

"Our job as mechanical representatives of our respective newspapers is to tackle this job from within and explore every possibility of finding ways and means of operating these mechanical departments at the minimum of expense."

"This is a challenge—a real challenge to us who are entrusted with the mechanical production of today's newspapers."

He told delegates every newspaper department is faced with the same problem of high operating costs and invited them to bring up any specific problems.

The session discussed adoption of narrower newspaper columns — a cost-cutting plan already in use in many newspapers but which raises serious mechanical problems.

Carle said:

"It is evident that the publishers are going to save newsprint consumption by whatever means is available. Therefore it is our challenge and responsibility to maintain the lowest operational costs and at the same time turn out a

well-printed newspaper. We will meet that challenge."

Other sessions dealt with photo-engraving and photography under chairman Jules L. Plangere, mechanical superintendent of the Asbury Park, N. J., Press, and the flatbed press and small newspapers. Chairman of the latter meeting was Edward N. Klein, co-publisher of the Oakhurst, N. J., Home News.

Congressional Approval Of New Cabinet Post Expected Soon; Embraces Other Posts

By JAMES MARLOW
WASHINGTON (AP)—The friendly reception which Congress gave President Eisenhower's latest proposal—to make a federal department of the Federal Security Agency—may be an answer to those who have wondered when he would start getting tough with the lawmakers.

Turning FSA into a department can't be done without congressional approval. But, judging from the reaction in Congress when Eisenhower's proposal reached there yesterday, the approval should be given fast. The machinery for doing so was set in motion at once.

The change doesn't mean much now, as Eisenhower himself pointed out, but should save money later through more efficiency. The FSA would become the Department of Health, Education and Welfare. A few top officials would have their salaries raised.

Embrace Other Fields

And the department would cover the same vital fields now handled by the FSA. Under its tent FSA includes some of the government's most important activities which relate to individuals: social security, old age assistance, education, medicine.

There have been some bobbles in the Eisenhower administration's relations with Congress. The President, who has leaned over backwards to be patient and friendly with the lawmakers, has been rebuffed by some of them. Perhaps frustrated is a better word.

His own Republicans were all set to cut down his power to reorganize the government—asking to make FSA a department is an example of such reorganization—even though Eisenhower's own

budget director, Joseph M. Dodge, pleaded with them not to. Oddly, the Democrats in general voted on his side.

GOP Switched Sides

But the Republicans switched before it was too late and, after checking signals, gave him the reorganization powers he called for.

He wanted Congress to pass a resolution condemning Russian enslavement of peoples and very carefully chose the words he hoped Congress would approve. Once again the Democrats generally went along with him. But his own Republicans first made changes, then sidetracked the resolution in the face of Democratic opposition to changes.

He wanted progress toward a balanced budget before Congress cut taxes. But some of his Republicans went ahead with plans for cutting taxes.

Each of these episodes was in its way a frustrating experience for Eisenhower. He could have become belligerent and tried to throw his weight around. Instead, he said not one word of criticism publicly and did not try to make a major event of anything that went contrary to his views.

He Is Non-Committed

To some people in Washington this has been puzzling. It raised a question: Was Eisenhower providing leadership or was he going to let Congress lead him?

So far he has kept his reasons for his mildness to himself. It may be that he is taking a much longer view of his problems than some of those who might think he should have started being more emphatic in dealing with Congress.

By long view is meant here just this: That he regards any setbacks

he's suffered so far as of only minor importance—so far. There still won't be any tax cut until a majority of Congress approves. He did in the end get the reorganization powers he wanted.

And as for the enslavement resolution, it's questionable that it would have had much effect anywhere, even on the enslaved peoples. So he did not necessarily lose a great deal, so far as can be seen, when it was sidetracked.

Not Antagonistic

He may feel it's poor strategy to antagonize anyone in Congress on minor issues when he may need all the help he can get on major ones.

In the end even this latest request—permission to make a department of FSA—may conceivably get tangled and sidetracked in Congress. If so, it can't be considered of major importance either. It's been tried and sidetracked before.

Some time though Eisenhower will have to get tough—if he's blocked by Congress on vital matters—because then if he does not take a stern stand he will have failed in leadership.

70 BOY SCOUTS

rally" to be held April 18 for the local troops. Adam Myers was asked to seek permission from the Recreation Board for use of the Recreation Field to stage the rally which will consist of contests in tent pitching, fire building, cooking, first aid, knot tying, signaling and other scout skills. The committee is to meet this evening at 9 o'clock at 43 South St. to complete arrangements for the event.

Scoutmaster Kerrigan invited all of the committeemen, and scoutmasters to attend the Parents' Night program to be held by Troop 78 next Thursday night in St. Francis Xavier School.

The group approved a suggestion that for next year's Scout Week celebration the scouts stress their slogan of "Do a Good Deed Daily." During the period the scouts will be on call to do a "good deed" for anyone who may call upon their services.

President E. Donald Scott announced that plans for summer camping by the four local troops as units will be arranged at the next meeting of the joint committees, May 14 at the Presbyterian scout room.

The program Thursday night concluded with a revue of the tenderfoot requirements of the Boy Scouts conducted by Harmon Furney, John Irvin, and J. E. Kerrigan.
